Integrating native plants and effective stormwater mitigation solutions are my top priorities as a landscape designer. I strive to design landscapes that are sustainable and memorable. I'm committed to continue learning and driven to exceed client expectations.

EXPERIENCE

Freelance Landscape and Graphic Designer

Arvada, CO Aug 2022 - Present

- Delivered visually engaging residential landscape designs and provided other graphic design services
- Collaborated with clients to translate their ideas into compelling visual solutions while maintaining a keen eye for detail
- Executed site research and synthesized data into visual assets
- Prepared and updated cost estimates

Planting Consultant / Sales Associate

O'Toole's Garden Center Apr - Oct 2019, 2020, 2021

- Offered excellent customer service by offering care recommendations, curating planting plans, and resolving questions while also operating a register
- Designed merchandise displays and organized product care routines
- Gained additional knowledge of horticulture and native plants

VOLUNTEER

Landscape Designer

Crest View Elementary, Boulder, CO Aug - Dec 2021

- Collaborated with a team of designers to redesign a schoolyard compliant with safety regulations for university credit
- Conducted site visits, research, and coordinated community engagement activities
- Prepared and distributed a masterplan, site maps, construction documents, plant information, and accompanying graphic assets
